Buccaneer 2004

What's New For 2004?

Buccaneer is quality, style and comfort. It remains one of the highest specification touring caravans on the market today and is virtually unchanged for 2004.

Just run your eyes over the extensive list of special features provided as standard on this top class range that provides the ultimate value for money.

The superb new Caravel adds to the range with a spacious new rear bedroom layout.

The soft furnishings in muted creams and rich burgundy are superbly complemented by the loose lay Mexican spice carpets.

The Toronto Maple veneer interior walls, cabinets and woodwork with soft gold handles, laminated Verdigris kitchen and Turin marble vanity unit work tops are pure luxury.

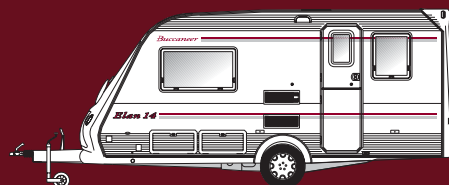

The kitchen has a new brushed stainless steel effect back wall and retains the Argente buttermilk, sink, hob and drainer with a bespoke, washing up bowl. Chinchilla glass hob and sink covers double as chopping boards.

Externally you'll find new High Powered Silver alloy wheels with distinctive Buccaneer wheel centres, Big Foot corner steadies and a spare alloy wheel in the under slung wheel carrier.

The Winterhoff WS 3000 stabiliser provides the ultimate safe and stable towing experience.

The Explorer Group Promise

Throughout our history, value for money has been central to the design and development process, through the building and testing of prototypes, to construction, fitting and finishing. The wide range of products we currently offer embraces every imaginable lifestyle, and every touring caravan we produce, from the most inexpensive to the most luxurious, is made with British workmanship and care.

All of The Explorer Group's touring caravans comply with relevant European standards and UK Road Vehicle Regulations.

We recognise the value that peace of mind affords on the open road. So in addition to using the latest materials, components and manufacturing techniques, we offer a range of warranties:

5 Year Water Ingress Guarantee

All Explorer Group products are covered by a new Water Ingress Code of Practice, which provides certain guarantees to cover owners against financial loss for water ingress repairs for up to 5 years

3 Year Comprehensive Factory Backed Warranty

We also offer a 3 year comprehensive factory backed extended warranty as standard.

This combined with the 5 Year Water Ingress Code of Practice, gives an exceptional package of warranty cover. In this way we ensure long-term peace of mind and enhance the resale value of your investment.

The Explorer Group Limited reserves the right to, and does alter from time to time, technical specifications, prices and model ranges as materials, model improvements and conditions require, and can accept no responsibility for discrepancies between these and subsequent models shown.

This brochure and the photographs used are for guidance purposes only. Please be sure to check current specifications with your retailer, or on our website, before ordering your new caravan.

All household items illustrated in the brochure are used to enhance photography and are for display purposes only. They are not supplied with your Caravan.
