The Mass in Running Order includes a tolerance for material variances and an allowance for the driver, a full tank of fuel, 90% of the water tank and the gas bottles and the auxiliary battery. Maximum User Payload includes: Personal Effects, Optional Equipment and the Conventional Load. **Note 1:** Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motorhome. **Note 2:** Warning under no circumstances must the Maximum Technical Permissible Laden Mass of the motorhome be exceeded. **Note 3:** All data is calculated using metric weights and measurements. The imperial figures quoted are conversions thereof. **Note 4:** Care should be taken when loading your motorhome in order to ensure that you do not exceed either the front or rear axle maximum weight **Note 5:** If used as single beds rather than a double bed, single bed measurements in the 215 are calculated incorporating usage of the front driver and passengers seats. **Note 6:** The double bed in the 240 is measured with the chest of drawers removed. **Note 7:** The maximum height is increased by 100mm when the optional awning is fitted. **Note 8:** All Aspire Motorhomes have a fresh and waste water tank capacity of 90 Litres.
