

2025 CAMPERVAN RANGE

# WELCOME TO ELDDIS

## INSPIRING TRAVEL SINCE 1964

2024 proudly marks the 60th Anniversary of Elddis!

6 Decades ago, Siddle Cook, his wife Mary and son Raymond, after holidaying in touring caravans throughout the 1950s, felt they could make some bold improvements to the experience they had and began designing a range of small touring caravans in their premises in Consett, County Durham.

Production began, with two popular models of caravan - the Whirlwind and Tornado - and marketed under the name Elddis (his name 'Siddle' spelled backwards!) They were a runaway sales success and paved the way to Elddis becoming a household name.

60 years later, the company is stronger than ever, owned by Europe's largest leisure vehicle manufacturer, Erwin Hymer Group, in turn part of the largest leisure vehicle manufacturer in the world, THOR Industries Inc. and now proudly manufacturing products under three distinct brand names, Elddis, Xplore and Buccaneer, all from the same County Durham home base.

The campervan portfolio has developed and grown over this time too with Elddis Autoquest campervans now comprising 4 distinct models, the CV20, CV40, CV60 and CV80 with layouts and specifications to suit everyone.

You will have seen our vehicles on the road, en-route to an exciting holiday destination or on a spontaneous road-trip adventure. Our Elddis Caravans, Motorhomes and Campervans are instantly recognisable by their head-turning style and proud Elddis livery!

## INTRODUCING ELDDIS

### SMART Iconic Designs

The Elddis Autoquest CV range continues to be one of the best-selling campervans available, helped by our multi-award winning designs, attention to customer requirements, a deep understanding of how our customers use our products and designing innovative compelling solutions.

Practical, easy to use, easy to own, with a touch of flair. A vehicle ideal for vacations and every day use.

### Astutely Designed Layouts

With an option offering huge rear living space in the CV20, family flexibility in the CV40 with split living space, the really decadent and relaxing CV60 with huge rear day bed and the family-friendly pop-top CV80.

### Style & Comfort

Providing a stylish and comfortable home-away-from home experience is our core aim. We aim to delight our customers.

Our homely range of fabrics, cabinetry finishes and technology ensures our campervans provide a warm and welcoming atmosphere.

### High Levels of Standard Specification.

With every Elddis product we aim to provide a high level of specification as standard. A useable vehicle straight out the box.

Of course, options are available for those wishing to adjust or customise the specification of their vehicle.

### Integrated LPG Gas Tanks

No more dealing with heavy gas bottles. The Autoquest CV range comes with a large underslung 25L LPG tank, refillable at your local fuel station.

Providing more volume, longer lasting and more convenient than many campervans available. – and freeing up even more storage space.

**The fully equipped campervan line-up.**

***autoquest***

autoquest

The 5.99m Fiat Ducato-based, 4-model Elddis Autoquest Campervan range has been a market favourite since its launch. Its popularity is driven by generous standard equipment, stylish and cosy interiors, and a variety of layouts that offer ultimate comfort and flexibility, no matter how you choose to travel.

Ideal for those seeking a more manageable vehicle size compared to larger motorhomes, the Ducato provides an excellent balance of practicality and style. Now built on the low-line Series 2 chassis, it further enhances performance and handling, solidifying its reputation as a top choice. Combined with Elddis’s legendary designs and features, it’s a winning combination for road trip enthusiasts.

60TH ANNIVERSARY  
DIAMOND EDITION

In celebration of our 60th Anniversary, we are proud to announce the Diamond Edition which will be standard during the 2025 model year on all Autoquest CV models.

Externally, this fabulous edition, available for one year only, includes Fiat alloy wheels and striking new external graphics which incorporate the 60th Anniversary logo and really makes this celebration year range stand out from the crowd. Internally, a leather-bound steering wheel and chrome air vent surrounds add to the luxury inside the cab.

The 60th Anniversary logo is carried through into the new interior scheme where the stylish new ‘Mara’ upholstery, a beautiful light grey shade with soft and subtle leatherette accents is offset with subtly tagged 60th Anniversary throw cushions along with new side wall finishes in ‘Tibero with Platino’ and ‘Linum Haithabu’.

## AUTOQUEST CV RANGE HIGHLIGHTS:

### Elddis Style & Specification In A Campervan

Built on the ever-popular Fiat Ducato, the 4-model Autoquest Campervan range has been a consistent best-seller since its launch.

Now featuring the upgraded low-line Series 2 chassis, it delivers improved performance and handling. With generous standard specifications and a design that thoughtfully optimises space for everyday use, it continues to set the standard for practicality and comfort.

### Useability

The underslung gas tanks are just one example of how the Autoquest Campervan excels.

Simply topped up at a filling station the fully integrated tank ensures exchanging gas bottles is a thing of the past. Coupled with the fresh water and wastewater tanks which are also underslung, this ensures as much space as possible is afforded to the living quarters.

### Features & Specification

For such a keenly priced vehicle, the list of standard features and specification is impressive.

From the Teleco directional aerial, to the fully fitted kitchen including hob, cooker and fridge freezer, the list of standard items goes on. All vehicles are appointed with a wet room, with shower, sink and toilet. whilst the different models provide a choice of layouts to suit your requirements.

### Interior Style & Ambiance

Great care has gone into the interior layout designs and fit and finish. With light coloured woods and fabrics providing a superbly airy and spacious feel.

The LED lighting provides direct light where required, in kitchen areas and washrooms, whilst providing indirect lighting in living areas.- combining to provide a superb environment on the road.

INTERIOR DESIGN

Designed specifically for the recreational vehicle market, ActivCare fabric has been developed to not only provide supreme style and comfort but also to withstand the rigours associated with RV life.

Developed and tested for water tightness, colour fastness, bleach tolerance and other substances, the material is 'easy clean' and stay looking new for longer.

Whilst our standard mattresses are wonderfully snug and comfortable, the Dream+ mattress upgrade, unique to Erwin Hymer Group UK, is a cut above. (Optional on CV60 only)

Dream+ boasts a pocket spring system and blend of natural and sustainable fillings to help regulate body temperature and ensure the best night's sleep.

*"The new Autoquest CV furniture colours were introduced to help create a space that feels light and airy but also promotes comfort and cosiness.*

*To celebrate the 60th Anniversary of the Eddis brand we added limited edition touches and selected colours and patterns inspired by diamonds."*

## Lounging in space, comfort and style.

The extra-long rear seating area of the 2 berth CV20 is the stand-out feature of this layout.

The rear lounge is the perfect escape at the end of day's adventures - whether you want to kick back with a chilled drink and watch a movie, or set up the dining table for a tasty van-cooked meal (or takeaway!)  
A true liveable space.

At night, this area converts to two singles or a double bed, with the double giving you the choice of sleeping transversely or longitudinally.

Either way, the layout leaves two handy seats free at both ends for sitting, even when the bed is made up.

autoquest  
**CV40**

## The quest for family flexibility.

The CV40 with its split living areas, a forward lounge area-come-dinette, kitchen and washroom in between and separate rear seating provides the perfect solution where having separate living spaces is appreciated.

The rear seating converts to a double bed whilst the front dinette area provides a suitable berth for child, if required.

## Relaxation designed in.

The CV60 is the perfect chill out campervan.

The rear lounge boasts a comfy chaise longue style day bed, directly opposite is a side-board and a wall mounted TV bracket. Surrounded by double glazed fully opening windows on all sides, and above, with blinds and flyscreens all round, the CV60 really is the place to be for those who like to while away the hours in complete relaxation.

Converting the day bed to a full double bed is easy, pull out the slides under the mattress and drop the back down and this becomes a really good size bed.

With a removeable table up front, the choice is yours where you dine.

OPTIONAL: DREAM+ MATTRESS

autoquest  
**CV80**

## The 4-berth pop up roof option.

The CV80 comes with a pop up roof, providing 2 berths in the 'Loft space' accessible from the front of the vehicle, via the ladder provided.

With split living areas, a forward lounge area-come-dinette, kitchen and washroom in between and separate rear seating provides the perfect solution where having separate living spaces is appreciated.

Of course, the rear seating converts to a double bed.
